## **Report of the Commissioners of the Milton Water District**

---

Your Commissioners submit the following report for the year 1952:

The work of relocating water mains, house services and hydrants due to the State road construction has been completed and the cost to the District though not as high as was first estimated still was quite a financial burden to add to the Precinct.

We contracted with the construction company who built the road to do our work, as we felt that they could do it cheaper than anyone else, having the necessary equipment on the job at all times, and also could do our work as it became necessary without holding up construction on the total project.

Unfortunately, this did not prove satisfactory. Excessive breakage of mains during removal and poor workmanship in laying of temporary lines caused us to consider some other action.

Our Supt., Mr. William Warnecke, was authorized to hire such help as he needed and to remove the remaining mains under his supervision which he did very efficiently. When it became necessary to relay mains we once again fell back on our old standby, the Ames Construction Co. of Somersworth, who did their usual efficient job.

Except for a few homes in the north section of the District, who were without water service for a very few days, the work was accomplished with a minimum of annoyance to the District as a whole.

The entire project cost the District \$10,477.79 which we still feel was an unfortunate thing as the

water system was not improved in any way by the outlay of this money.

The entire cost is not a total loss, however, as we have on hand a greater catalogue of supplies than ever before in the history of the District.

FRANK E. McINTIRE,  
JOHN M. FELLOWS,  
STANLEY C. TANNER,  
Commissioners.

## **Report of the Milton Fire Department**

---

The department answered 23 calls the past year.

7 chimney  
6 grass  
2 town dump  
6 dwelling

Two buildings were a total loss. One was partially covered by insurance.

We expect to complete the new station by early summer. The bottom floor is nearly complete and the upper floor is being remodeled and raised. We are asking the town for \$1,000 more to complete the job. All work is being done by the firemen at no cost to the town. All we ask is, that the town supply the materials. The wires from the fire alarm will have to be changed at an estimated cost of \$350.

We have had a splendid fire record for the past few years. Keep it up and remember to get a fire permit before starting an open fire after the snow leaves the ground.

Respectfully submitted,

HERBERT A. DOWNS,  
Chief Engineer, M. F. D.

## **Report of the Commissioners of the Milton Mills Fire District**

FRANK N. TAYLOR,

Commissioners.

## Report of the Milton Mills Fire Chief

---

To the Commissioners and Voters of the Milton Mills  
Fire District:

The following fires occurred in the district from  
January 1, 1952 through December, 1952.

3 chimney fires

3 building fires

The district also answered the following calls outside the district:

4 chimney fires

1 building fire

I wish to thank everyone in the district and those outside the district for their wonderful cooperation and help during the Grange hall fire and the McDermott farm fire.

The district purchased a new roof ladder and (200) two hundred feet of inch and half (1½) hose the past year.

I would like to see all you voters in the district at the fire station the night the warrant is read to help pass the articles and have a look around and give us some suggestions to improve or help the fire ditrict..

Respectfully submitted,

LEON CLOUGH,  
Chief.

### “Avery Playground”

It is the extreme pleasure of the School Board to inform you about a very fine gesture on the part of Miss Sallie Avery, Mr. Theron Avery, and Mrs. Emma Avery. They have given to the school district a tract of land which is to be known as the “Avery Playground.” This playground will fulfill a need which has been desired for a long period of time. The community will long remember this most public spirited gesture.

The following is in part, conditions under which the gift was accepted and a description of the “Avery Playground:”—

“This deed is given without consideration and for the express purpose of providing for the Town of Milton a playground for its schools, to be known as the “Avery Playground,” in memory of Brackett F. Avery and his descendants, and it is a condition of this deed that said School District shall so suitably mark said playground and shall maintain a suitable fence between it and other properties of these grantors so long as said grantors or the survivors of them lives.”

“Beginning on the westerly side of Church street at the northeast corner of the Milton Grade School lot and running northwesterly by said Church street four hundred and twenty (420) feet to an iron pipe set in the wall; thence turning a right angle and running south 56 degrees west, by other land of these grantors six hundred and three (603) feet, more or less, to a stone wall at a point near an opening or driveway through said wall, as marked by an iron pipe; thence running southeasterly along other land of said grantors by said stone wall five hundred and forty-three (543) feet, more or less, to the northwest corner of said school lot; thence running northeasterly by said school lot two hundred and seventy-eight (278) feet to

said Church street and the point begun at, excepting and reserving therefrom to the New England Telephone Company such rights of easement, if any, as it may have to maintain its pole lines across said described properties."

When the deed was delivered to the School District, a letter of thanks and appreciation was sent to each of the three donors for their most generous gift. This letter was signed by the Superintendent and the School Board on behalf of the citizens and school children of Milton.

PRISCILLA AYER,  
Chairman Milton School Board.

SCHOOL WARRANT

---

*To the Inhabitants of the School district in the town of Milton qualified to vote in district affairs:*

You are hereby notified to meet at the Town House in said district on the 7th day of March, 1953, at 7:30 p.m. o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see if the district will authorize the School Board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the Federal Works Agency, or other U. S. Government or State Agencies.

10. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

11. To transact any other business which may legally come before this meeting.

Given under our hands at said Milton this 5th day of February, 1953.

PRISCILLA AYER,  
EMMA P. RAMSEY,  
RALPH PUGH,

School Board.

## ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

*To the School Board Members and Citizens of Milton:*

It is with mixed feelings that I submit this my third annual report concerning the administration of your schools. Starting February 2, 1953, I will begin work in Washington under the Point IV Program with the ultimate goal as Educational Specialist in Tehran, Iran. Words cannot express the satisfaction which has been gained by me in working with the people of this community. I will long remember this fine experience.

I hope that you will give Mr. Arthur Toll, my successor, such wonderful support.

During the past year there were very few vacancies in Milton. Mr. Paul Spilios, a graduate of the University of New Hampshire, replaces Leslie Lowry who accepted a teaching position in Attleboro, Mass. Miss Elizabeth Lambert, also a University of New Hampshire graduate, with experience in Hebron, Me., replaces Martha Hefler who is now teaching in Goffstown. Lillian Green, a graduate of Boston University, replaced John Whalen as Supervisor of Music. She is also employed by the towns of Rollinsford and Durham. The teachers in Milton continue to contribute to the good of Milton and its children. They have also attended workshops and have taken part in other educational courses for their own betterment and that of Milton.

Since the last school district meeting the school board has transferred ownership of the Nute Ridge School to the Grange.

The Oscar G. Moorhouse Auxiliary of Milton kind-

ly gave American flags to the schools which were greatly appreciated.

The janitors and the hot lunch workers of Milton are now included under Social Security.

During the past summer the drainage system of Milton Grammar School was completely replaced to remedy a defective system. The land adjacent to the school which was purchased during the last year has also been partly cleared.

The halls in the Milton Grammar School have also been redecorated. I believe that the schools in Milton are in better than average condition. With the exception of minor repairs very little needs to be done.

Thanks again for your support and best wishes for the future.

Respectfully yours,

ARTHUR W. DANIELSON,  
Superintendent of Schools.

## REPORT OF THE PRINCIPAL OF THE MILTON GRAMMAR SCHOOL

*To the Superintendent of Schools, the School Board  
and Citizens of Milton:*

Following is listed information about Milton Grammar School which will be of interest to you:

### ENROLLMENT

Our enrollment for the fall of 1952 totaled 150 pupils, distributed in grades in the following manner: Grade 1, 26; Grade 2, 24; Grade 3, 20; Grade 4, 13; Grade 5, 23; Grade 6, 23; and Grade 7, 21. During the month of December, 4 pupils transferred to other schools and 3 transferred from other schools to ours.

Twenty-one of our pupils are tuition pupils, twenty from Lebanon, Maine and one from Rochester.

Thirty-seven pupils are transported via school buses.

### BUILDING, GROUNDS AND EQUIPMENT

During the summer the redecorating of the walls of the lower and upper corridors did much to improve the appearance of the interior of the building, which has been kept in excellent shape with a minimum of repairs. Mr. Moody constructed a doorway and hung a door to the basement classroom, a necessary aid in heating the room. Ten new seating units were purchased for the Upper grades' classroom to replace units beyond repair. Additions to our play area, through purchase and the gift of Miss Sallie Avery, Mr. Theron Avery and the Avery Heirs, has provided us with ample recreation space. Much needs to be done to resurface and condition the land for suitable use. At present, hallways are too cold and drafty for the health of the children, necessitating added heat for the corridors.

### CURRICULUM

We have worked hard to improve our tools of instruction and our methods in using those tools. A Reading Series, Language Series, Arithmetic Series and Social Studies Serious for Grades 1 through 7 have been adopted and further improvements will be made. Boys and girls of Grade 7 have had the opportunity to go to Nute High School for classes in Shop and Domestic Arts two periods a week. Community Resources have been used, but we realize this source offers many more possibilities. In the fall, Mrs. Foster's science class heard a talk on "Rocks and Minerals" by Mr. Harold Webster, a Geologist working with the State Highway Department. Mrs. Chase and her Second grade have visited our Fire Station where Fire Chief

Downs, with the assistance of Mr. Everett McIntire and Mr. Edwin Piper, talked and demonstrated the various pieces of apparatus. Naturally, all of us watched the roadbuilding project and we lined the roadside when Hopkins' house was moved intact.

Because we felt it necessary to build a good basic foundation in Grades 1 and 2, there has been no doubling of grades here, but a single teacher to a single room. At some future time, we hope to have the third grade as a single unit.

Our Audio-Visual equipment includes a motion picture projector, an opaque projector, and a filmstrip projector. About fifty motion films have been ordered for the year, coordinating with the various units taught. Some illustrative titles are: "Citizen Fireman," "Tony Learns About Fire," "Whistle in the Night," "The Wind from the west," and "Ways of the Wild."

Since receiving our filmstrip projector as a gift from the Parent-Teachers Association we have bought the following films. "Maps and their Meaning," "Our President," "Rediscovering America," "The Meaning of Thanksgiving," "Christmas in Many Lands," "Ancient Egypt," "Greece," "Rome," "Monastic Life," and "Picture Stories of Knights and Castles." Stripfilms have been purchased for the teaching of sounds in beginning reading.

Our pupils and teachers were fortunate to be allowed, through the kindness of Mr. Edward Beaudoin of Milton Garage, to watch President Eisenhower's inauguration and the Inauguration Day Parade on television.

Art and Music are more and more becoming a part of our everyday school life. You would be surprised, wouldn't you, to visit a class in social studies to hear the children learning a new song pertaining to the

unit or lesson on which the class is working? Perhaps a folk dance is in progress; or you might find everyone up to his neck in paints, expressing his impressions of his lesson; or up to his elbows in paste and paper, creating some papier mache model.

A step forward was the instituting of a testing program for every child in school. This first test is valuable because of the information thereon, but will be of greater value establishing the growth pattern of each child when it is continued yearly.

Health Education for our children begins with the first grade—teaching them how to keep well and how to practice good health habits. Upper grades study habits of cleanliness, nutrition, and the body, more in detail. All are supplemented with films such as: "The King Who Came to Breakfast," "How to Catch a Cold," "Safety To and From School," "I Never Catch Cold," "Let's Have Fewer Colds," "The Safest Way," "Winky the Watchman," and "Modern Guide to Health." Later this spring with the advent of the swimming season we plan to show "Matt Mann's Swimming Techniques for Boys" and "Safe Swimming." Correct bicycle riding rules are stressed in "Once Upon a Time." Our School Lunch Program provides an excellent opportunity to teach good eating habits and table courtesy. We think we are accomplishing this at our school.

### PERSONNEL

With the return of all our staff except Mr. Whalen in the fall, a good beginning was assured. Mrs. Elsie Julin teaches Grade 1; Mrs. Doris Chase, Grade 2; Mrs. Florence Amadon, Grades 3 and 4; Miss Ferne McGregor, Grades 5 and 6; Mrs. Leona Foster, Grades 6 and 7; Mr. Amadon, Principal and teacher of Arithmetic, Grades 6 and 7; Miss Lillian Green, Music Supervisor; Mrs. Amy Stowe, Cook, Lunch Program; Mrs. Emma

Avery, Assistant Cook; Mr. Alfred Moody, Custodian of the building; and Mrs. Esther Poland, School Nurse.

To advance themselves professionally, all teachers attended a three-day Art Workshop in December in Durham. Mrs. Julin, Mrs. Chase, Miss McGregor and Mrs. Amadon took the course, "Social Studies in the Elementary School," taught by Miss Madeline Bartell, Director, Elementary School Services, State Department of Education. Mr. Amadon attended the summer session at Plymouth Teachers College and took an extension course, "Child Growth and Development," offered at Plymouth evenings this fall semester. During the second semester, he is taking "Supervising the Student Teacher," an evening extension course offered in Plymouth.

The capability of the teaching staff, their excellent cooperation and the cooperation of the Superintendent of Schools, the School Board and the citizens of Milton have made it a pleasure to work for you.

Respectfully submitted,

CLARENCE AMADON,

Principal.

## REPORT OF THE PRINCIPAL OF THE MILTON MILLS GRAMMAR SCHOOL

---

*To the Superintendent of Schools and the School Board  
of Milton:*

Subject: General School Activities and Teachers of the  
Milton Mills Grammar School.

September 3 classes started at Milton Mills Grammar School. There were 41 students in the school

divided as follows: Grade 1, 4; Grade 2, 8; Grade 3, 5; Grade 4, 12; Grade 5, 6; Grade 6, 3; Grade 7, 3; Grade 8, 1.

The first few weeks consisted in the sometimes difficult task of two new teachers adjusting to a group of eager youngsters. After the first report cards were issued there were four new additions to the school—two in the eighth grade, one in the fifth, and one in the third.

At Christmas time the children of all grades participated in presenting a Christmas party. A short play, which was written and produced by the pupils themselves, was presented. After vacation the hot soup program for children eating lunch at school was begun. Soup was donated by the Dorcas Society, Milton Mills Grange, and Milton P. T. A. Milk was provided daily for children who desired it.

Several weeks ago each student in grades four to eight selected a state of the U. S. A. or a country of South America in which they had a special interest. They followed this up by individual research in various textbooks, encyclopedias, magazines, newspapers, and material received from the chambers of commerce of the states and countries under study. The interest of the children was at a high pitch and much real learning took place.

The inauguration of the president was viewed by grades four to eight after which a period of animated discussion followed.

Periodically short interpretive bible readings are done to give, if possible, some of the rich cultural and spiritual background which was so important to our forefathers. This is done in the firm belief that our schools are often neglecting the task of making aware

to our children the moral and spiritual values which can make life more meaningful in these hectic times.

Minor repairs were completed during the summer and a pump was installed to take care of any water in the cellar. In the fall new shades were added. We hope that we can continue to add new desks to our classrooms.

Just prior to Christmas vacation the principal and Miss Lambert attended a three-day workshop in art. This fall they also took a course in social studies with the state department to continue their intellectual education.

Respectfully submitted,

PAUL G. SPILIOS,

Principal.

### PRINCIPAL'S REPORT, NUTE HIGH SCHOOL

*To the Superintendent of Schools and Members of the Board of Trustees:*

I hereby submit my fourth annual report of the Nute High School which opened its sixty-second year September 3, 1952 with an enrollment of one hundred and twenty-two pupils. Transfers and withdrawals to date have left the present enrollment of one hundred and twenty-five divided as follows: Seniors, 26; Juniors, 25; Sophomores, 23; Freshmen, 30; Grade Eigrt, 22.

It was very comforting to have the entire teaching staff return. The only exception was in the music department where Miss Lillian Green succeeded Mr. John Whalen.

The approved program of studies is the same as

last year with the following alternates being substituted: General Science for Biology; French 1 for French 11; Advanced Algebra and Trigonometry for Fused Geometry; Sociology for Consumer Buying; Economics for Human Behavior; Chemistry for Physics; The Family for The Home; Stenography and Typing for Office Practice; Business Law and Salesmanship for Bookkeeping.

The seventh grade reports to the high school two afternoons a week for instruction in Home Economics and Shop. The girls have been making simple cotton garments and are learning to read patterns. The second half of the year will be devoted to food preparation.

The eighth grade has made quick breads, yeast breads, and pastry. They have also completed a unit in which they compared commercial package mixes with homemade products.

The freshmen and sophomores have canned tomatoes, tomato juice, pears, and relishes. They have made jams and jellies to take home for their own use. They are busy now making clothes in preparation for their annual fashion show in May.

The junior and senior girls have completed units on marriage and the importance of the family. They are now working on child growth and development.

All classes are working on home projects which are sent to the Director of Home Economics in Concord, New Hampshire.

The Trades and Industry course is overcrowded with fifty-six boys. Several outside jobs have been accomplished including the building of a permanent aluminum roof over the well of the old water system. Work has been started on a new cinder block incin-

erator which will be completed in the spring. A slab Creche was made for the Milton Woman's Club.

The usual number of chairs and desks have been repaired and the boys have rebuilt over half of the workbenches with new hardwood tops.

The entire shop has been painted by the boys to incorporate the principles of color dynamics used in industry. The walls have been painted two tones of green, the machinery grey, and all guards and possible points of danger orange.

New tools this year include a portable hand router for making decorative edges and mouldings.

To endeavor to better meet the needs of the students, English 11 and English 12 have been replaced by a general English course and an academic English course. Those who anticipate further formal education are given special instruction in grammar, writing, and literature while the general student devotes his attention to literature and language in much simpler projects more obviously pertaining to current living. It will take time to determine whether or not this system is advisable. So far, the general student has taken by a great measure the best advantage of this differentiated program. One period each day a special class is held for about twelve pupils who are not capable of taking regular high school courses in English. The aim is to help these children progress from the levels at which they are found. *Practical English*, a weekly Scholastic magazine, enjoyed by all students, is used constantly by this class.

The bookmobile continues to be of service to the high school by supplying much supplementary reading, especially selected for the high school student. *Reader's Digests* are available at twenty cents a copy to those desiring them.

The Dramatics Club has given one-act plays for scheduled assembly programs. The average number of about 12 have participated in the Founder's Day exercises.

A general deficiency in English is found in many high school students, particularly in spelling and vocabulary. If time and space were available, many average pupils could profit by additional attention in remedial classes. Improvement in this field would result in a better performance in other courses.

The Science Club is attempting to organize a community service for the town of Milton in the field of science. As yet, details are incomplete. Recently the club became a member of the Science Clubs of America, the national organization.

The Student Council is working on many projects among which are: school calendar, initiating the Freshmen, repair of the lockers, and refinishing desks.

General Activities: The girls' athletic groups are maintaining a pace somewhat better than last year but the boys' groups are sub-par.

Mock elections and public opinion polls were held in connection with the National Elections. School was dismissed for half a day on January 20 to view the inaugural of the President.

New reference books have been purchased for Economics, Sociology, and Salesmanship.

The 15-hour Art Workshop held at Durham in December was the source of much inspiration and information to those attending it.

It is noticeable that we are having fewer drop-outs this year so that our attempts to meet individual needs must be in some measure successful.

Miss Goodwin took a second semester Education extension course offered evenings by the University of New Hampshire at Sowersworth last year.

She was granted a day to attend the annual spring New Hampshire Business Educator's Conference held at Plymouth.

Many movies have been scheduled for this year as the teachers find visual education such a decided teaching aid. Most of these are free requiring only the payment of the return charges.

The *Nute Flash* is written entirely by a staff of student volunteers and duplicated by the commercial pupils. It gives valuable training in not only journalism but cooperative work. Miss Leathers and Miss Goodwin supervise the publication.

The seniors have sponsored successful food sales held simultaneously at Milton, Milton Mills, and Sanbornville and have sold greeting cards to earn class funds.

It is planned to hold the graduation exercises on the Nute Grounds again this year because of the size of the class to be graduated.

Through the generosity of Milton Women's Club which gave \$150 it has been possible to add 35 chairs to be used for hot lunches. We had purchased 40 of these metal folding chairs previously and we are still in need of 25 more.

A regular schedule of assembly programs is in effect with the various classes and organizations in charge of them. Movies in the assembly hall are most unsuccessful as well as many speaking programs because of the bad acoustics. It is hoped that a lower ceiling can be added in the hall for the reasons given also to lower heating costs. Movies are now shown in

the home economics room which limits the size of the group or necessitates more than one showing.

In conclusion, I wish to express my appreciation to Mr. Danielson, the Board of Trustees, and the people of Milton for their kind support and trust.

Respectfully submitted,

WALTER J. FOSTER,  
Principal.

## REPORT OF THE SCHOOL NURSE

---

*To the Superintendent of Schools and the Citizens of Milton:*

I herewith submit my annual report as school nurse:

There have been no changes made in the routine health services in the schools. The pupils were weighed, measured and their teeth checked during the fall months. Inspections of the hair and skin are conducted throughout the school year. This procedure prevents the spread of pediculosis and contagious skin diseases.

All pupils at the high school who participate in sports were given a physical examination by Dr. Robert Lord, the school physician. Each year the pupils in two of the grammar grades are given a physical examination by the school physician.

The vision tests were made in all schools. Each child was carefully checked by means of the Massachusetts Vision Testing Machine. Any defect noted was reported to the family who was advised to take the child to the family doctor for a more thorough examination.

An epidemic of a "virus infection" prevailed throughout the winter and spring months. There were, also, several cases of measles and chicken-pox. Many visits were made to the homes and advice given concerning the care of the child while ill.

In Milton Mills a Grade "C" lunch program was conducted during the winter months. Children bringing a cold lunch were given a bowl of hot soup to eat with their sandwiches. The soup was donated by the Grange, Parent Teachers Association and Woman's Club of the Milton Mills Church.

A dental program sponsored by the Woman's Club of Milton was concluded in June.

Our annual health clinic for pre-school children, who were to enter school in September, was conducted in May. Dr. Lord gave a physical examination to each child and administered vaccine and toxoid to those whose parents requested it. Twenty-three children were vaccinated and fourteen were given the toxoid. The vision test was given each child by the school nurse.

I wish to thank the teaching staff for the cooperation and support given me during the past year. Their efforts in teaching good health habits and recognition of health problems in pupils have helped immeasurably.

Respectfully submitted,

ESTHER T. POLAND, R. N.

School Nurse.
